MEDIA LITERACY PROJECT | LABS

STRUCTURE - NARRATIVE

ACTIVITY

Recommended ages: 5 - 7+

## ACTIVITY

For this activity, you can create your own selection of images.

Instructions: We will try to restore the following images to the correct order.

They come from a short film " Outdoors". Try to organize them according to the stages of the narrative structure.

Synopsis: A very old apartment dweller steps out of her cage and into the big city after her pet bird is accidentally set free by the little girl next door. As she searches for her lost bird, she discovers something bigger than the city itself.

Adrien Rouquié, Anne Castaldo, Elsa Nesme, and Sarah Chalek all studied animation at MOPA in Arles, France. "Outdoors" (2017) is their latest short film.

This training kit is published as part of the Psaroloco Media Literacy Project's free educational resources.

The recommended age group is 5+. You should watch the movie and related clips before delivering activities to the classroom to make sure the content is suitable for your students.

Search for the movie on channel 5+ on the Psaroloco page in [Watch The Films](#)

RECOMMENDATION : Soultana Tatiana Koumoutsis

PUBLIC: March 2021
